TITLE 3—THE PRESIDENT EXECUTIVE ORDER 9885

DESIGNATION OF THE ASSISTANT SECRETARIES OF COMMERCE AND THE SOLICITOR OF COMMERCE TO ACT AS SECRETARY OF COMMERCE

By virtue of the authority vested in me by section 179 of the Revised Statutes of the United States (5 U. S. C. 6) I hereby authorize and direct the Assistant Secretaries of Commerce, the date of their commissions to govern the order of precedence, to perform the duties of the Secretary of Commerce in case of the absence, sickness, resignation, or death of the Secretary of Commerce and of the Under Secretary of Commerce; and I also authorize and direct the Solicitor of Commerce to perform the duties of the Secretary of Commerce in case of the absence, sickness, resignation, or death of the Secretary of Commerce, the Under Secretary of Commerce, and the Assistant Secretaries of Commerce.

This order supersedes Executive Order No. 8541 of September 17, 1940, entitled "Designation of the Assistant Secretary of Commerce and the Solicitor of Commerce To Act as Secretary of Commerce."

TITLE 8—ALIENS AND NATIONALITY

Chapter I—Immigration and Naturalization Service, Department of Justice

PART 116—CIVIL AIR NAVIGATION

PLACE OF LANDING OF AIRCRAFT

Paragraph (a) of § 6.3, *Landing requirements*, of Title 19, Code of Federal Regulations, also designated as § 116.3 of Title 8 and § 11.503 of Title 42, is amended by deleting the second sentence and substituting the following:

(a) *Place of landing.* * * * The first landing shall be at an airport of

entry unless permission to land elsewhere shall first be granted by the Commissioner of Customs, in the case of aircraft operated by scheduled air lines, and in all other cases by the collector or deputy collector of customs at the port of entry nearest the intended place of landing. When the Commissioner of Customs grants permission to land elsewhere than at an airport of entry, he shall immediately notify the heads of the Public Health Service, the Immigration and Naturalization Service, and of any other agency likely to be concerned with the landing, and, when a collector or deputy collector of customs grants such permission, he shall immediately notify the principal local officer of each such agency.

Effective date. This amendment shall become effective upon the date of its publication in the *FEDERAL REGISTER*. Compliance with the provisions of section 4 of the Administrative Procedure Act (60 Stat. 238) with respect to notice and public procedure thereon and delayed effective date is found to be unnecessary and contrary to the public interest because the amendment will facilitate air commerce and lessen the requirements and restrictions on affected persons.

TITLE 18—CONSERVATION OF POWER

Chapter I—Federal Power Commission

[Docket No. R-108; Order 139]

PART 03—SUBSTANTIVE RULES, GENERAL POLICY AND INTERPRETATIONS

INDEPENDENT PRODUCTION OR GATHERING OF NATURAL GAS

AUGUST 7, 1947.

In the matter of a rule to make clear the position of the Commission regarding the independent production or gathering of natural gas. Order No. 139 supplementing the Commission's general rules including rules of practice and procedure.

For the reasons stated below, it seems appropriate and desirable at this juncture for the Commission to adopt and promulgate the rule contained herein, which is designed to relieve any existing uncertainty regarding the Commission's position that it will not seek to assert jurisdiction over the sale of natural gas to interstate pipe lines by independent producers or gatherers.

Following the release in March 1947 of the staff report in Docket No. G-580 on this subject, entitled "Section 1 (b) of the Natural Gas Act with Reference to Production and Gathering," the Commission consistently therewith on May 27, 1947, issued a notice of proposed rule making in this matter. At that time, since there were prevalent many expressions of uncertainty as to the Commission's interpretation of section 1 (b), of the act with reference to the status of independent producers and gatherers of natural gas, and as to its intentions with respect thereto, it seemed evident that a formal administrative rule was necessary to affirm our belief that it was the intent of Congress to exempt such independent producers and gatherers when it enacted the Natural Gas Act in 1938.

During the first session of the 80th Congress which adjourned on July 27, 1947, various bills regarding this matter, as well as other important proposals for amending the Natural Gas Act, were introduced and considered by the Congress. At the hearings on these bills before the Senate and House Committees on Interstate and Foreign Commerce, the Commission likewise stated its view that independent operators who produce or gather natural gas and sell it at arm's-length to natural-gas companies subsequently transporting such natural gas in interstate commerce are exempt from the provisions of the Natural Gas Act.

Reference also was made at these hearings to the pending case before the Supreme Court of the United States in "Interstate Natural Gas Company, Inc. v. Federal Power Commission." The subsequent decision of the Court on June 16, 1947, addressed to the particular circumstances of that case which involved the operations of a natural-gas company subject to the act, immediately became the basis for diverse interpretations and agitations by interested parties, as to its implications regarding the jurisdictional

status under the act of independent producers and gatherers.

In view of these circumstances, the Commission urged the immediate adoption of H. R. 4099, the specific and sole purpose of which was to make entirely clear the exemption of the independent production and gathering of natural gas from the provisions of the Natural Gas Act. This proposed amendment, however, was not enacted during the closing days of the session of the Congress which has just ended.

This brief review of developments in this matter has been presented so that there may be no basis for misunderstanding or continuing expressions of fear and uncertainty regarding this matter, which is non-controversial. The Commission gives its assurance to independent producers and gatherers of natural gas that they can sell at arm's-length and deliver such gas to interstate pipe lines and can enter into contracts for such sale without apprehension that in so doing they may become subject to assertions of jurisdiction by the Commission under the Natural Gas Act.

The rule herein has this specific purpose and is issued at this time because the Congress has not yet reaffirmed such exemption by amending the act. It is also our intention, in keeping with the position heretofore taken, to continue to recommend to the Congress that it take appropriate clarifying legislative action regarding this matter.

General public notice of the proposed rule in this matter has been given by publication of notice in the FEDERAL REGISTER on June 5, 1947 (12 F. R. 3679) and by mailing copies of such notice to all interested persons including State and Federal regulatory agencies.

All of such persons have been afforded an opportunity to submit written statements or briefs setting forth their comments, views, and suggestions with respect to this proposed rule.

Finding that such action is necessary and appropriate to clarify the meaning of section 1 (b) of the Natural Gas Act, the Commission, pursuant to the authority contained in that Act, particularly section 16 thereof (52 Stat. 821-833; 830; 15 U. S. C. 717-717w; 717o) hereby adopts and promulgates the following rule as a new section of Part 03—Substantive Rules, General Policy and Interpretations, of Subchapter A—General Rules, Chapter I of Title 18 of the Code of Federal Regulations, such new section to read as follows:

§ 03.79 *Jurisdictional status of independent producers and gatherers.* The Federal Power Commission is of the opinion that it was the intent of the Congress that the control of production or gathering of natural gas should remain a function of the States and that the Natural Gas Act should not provide for regulation of those subjects.

For the purpose of administering the Natural Gas Act, the Commission will construe the exemption contained in section 1 (b), to the effect that the provisions of the act shall not apply to the "production or gathering" of natural gas, as including arm's-length sales of nat-

ural gas, by independent producers and gatherers, made during the course or upon completion of production and gathering. The Commission, consistent with this construction, will not assert jurisdiction over such producers and gatherers who might be subject to jurisdiction solely because of such sales.

The interpretative rule hereby adopted shall become effective August 7, 1947. The Secretary of the Commission shall cause publication of this order to be made in the FEDERAL REGISTER, and further, shall serve copies thereof on all interested parties.

Date of issuance: August 15, 1947.

By the Commission. Commissioner
Draper dissenting.¹

AUTHORITY: §§8302.1 to 18302.14, inclusive, issued under Surplus Property Act of 1944, as amended (58 Stat. 765, as amended; 50 U. S. C. App. Sup. 1611); Public Law 181, 79th Cong. (59 Stat. 533; 50 U. S. C. App. Sup. 1614a, 1614b); and Reorganization Plan 1 of 1947 (12 F. R. 4534).

§ 8302.1 *Definitions*—(a) *Terms defined in act.* Terms not defined in paragraph (b) of this section which are defined in the Surplus Property Act of 1944 shall in this part have the meaning given to them in the act.

(b) *Other terms.* (1) "Standard administrative and maintenance property" means all property from time to time listed in stock catalogues issued by the Bureau of Federal Supply of the Treasury Department. These catalogues normally include, among other items, office supplies, furniture and equipment, and maintenance operating supplies.

(2) "State and local governments" means any State, territory, or possession of the United States, the District of Columbia, and any political subdivision or instrumentality thereof.

(3) "Own business or professional or agricultural enterprise" of a veteran means one which is regularly pursued by, or is to be established by, a veteran to secure a livelihood and of which more than fifty (50) per cent of the proprietary interest therein is held by a veteran or veterans. A veteran may be deemed to have his "own business or professional or agricultural enterprise" for the purpose of acquiring particular tools or equipment when he is engaged by others as an employee or agent and is required by his employment to own and use such tools or equipment.

(4) "Small business" means a veteran's own small business and may include any enterprise or group of enterprises

under common ownership or control, which by reason of its relative size and position in its industry is determined by War Assets Administration to be a small business.

(5) "Veteran" means any person in the active military or naval service of the United States during the present war, or any person who served in the active military or naval service of the United States on or after September 16, 1940, and prior to the termination of the present war, and who has been discharged or released therefrom under honorable conditions. Veterans released from military or naval service shall include persons on terminal leave or final furlough and those whose status has been changed from active to inactive.

§ 8302.2 *Scope.* This part shall apply only to disposals made by disposal agencies within the continental United States, its territories and possessions: *Provided*, That § 8302.10 shall apply only within the continental United States. This part shall not apply to any disposals of real property nor to personal property appurtenant to, or assigned for disposal in connection with, real property, and disposed of pursuant to Part 8305.¹

§ 8302.3 *Applicability of regulations and directives of other agencies, and disposals which may be exempted from this part.* (a) Transfers to the National Housing Administrator pursuant to the provisions of section 502 (b) of the Lanham Act,² as amended (Public Law 292, 79th Congress, as amended) transfers pursuant to the provisions of the Greek-Turkish Aid Bill (Public Law 75, 80th Congress) transfers to Federal Works Agency pursuant to the provisions of Public Law 233, 80th Congress, and transfers pursuant to such other laws as by their terms take precedence over the priorities established by the Surplus Property Act, as amended, as well as the laws cited in paragraph (b) of this section may be made without regard for any provisions of this part. Transfers to Federal Works Administrator pursuant to the provisions of section 504 (a) of the Lanham Act, as amended (Public Law 697,³ 79th Congress), may be made without regard for any provisions of this part except those provisions which govern set-asides for veterans and priorities of Government agencies and veterans.

(b) Except for disposals under paragraph (a) of this section, disposals made hereunder shall be subject to applicable regulations and directives issued under the authority of the Veterans' Emergency Housing Act of 1946,⁴ or under the authority of any law referred to in section 34 (b) of the Surplus Property Act of 1944, and shall be exempted from the provisions of this part to the extent necessary to comply with the provisions of such regulations and directives.

(c) Subject to the provisions of paragraph (a) and (b) of this section, disposal agencies may dispose of surplus property at the fair value without regard for any provisions of this part:

¹ Reg. 5 (12 F. R. 2028, 3833).

² 59 Stat. 674; 42 U. S. C. Sup. V, 1572.

³ 60 Stat. 958.

⁴ 60 Stat. 207.

(1) Until peace is concluded to supply the needs of the armed forces;

(2) When, upon a finding by the Secretary of Agriculture that farm production is impaired or threatened to be impaired, the Administrator shall, pursuant to the provisions of Part 8303,⁵ direct the disposal of trucks, machinery, or equipment (including farm supplies) to farmers or farmers' cooperatives;

(3) When the property is of such nature or in such situation that its immediate disposal is necessary to prevent its deterioration, spoilage, or serious loss or damage;

(4) When, upon application to the War Assets Administrator by a disposal agency, the Administrator shall find that it is impracticable or uneconomical for the disposal agency to be required to dispose of designated property according to the provisions of this part;

(5) When the nature or condition of any surplus property sold is such that it is not usable or safe for use by the consumer in its existing form without processing, reprocessing, reconditioning, or repackaging;

(6) When the cost (estimated if not known) of all substantially similar items of such property in the possession of the disposal agency at any one location at any one time does not exceed \$300; or when the cost (estimated if not known) of any group of identical items normally constituting a single entry on War Assets Administration Form 1001⁶ and in the possession of the disposal agency at any one location at any one time, does not exceed one hundred dollars (\$100)

§ 8302.4 *Set-asides for veterans.* (a) Except as to the amounts of any property necessary for the temporary use of any disposal agency to carry out its responsibilities in disposing of surplus property under the Surplus Property Act of 1944, each disposal agency to which there is assigned for disposal any property of the types designated by the Administrator to be set aside for exclusive disposal to veterans shall set aside all, or such percentage as is designated, of such property in its possession for exclusive disposal to veterans upon presentation of their discharge papers or other satisfactory evidence that the person is a veteran. The Administrator has determined that, in the case of set-asides made pursuant to this section as distinguished from the priorities accorded veterans pursuant to § 8302.5 (b) it is considered inappropriate to cause to be set aside quantities and types of any surplus property for the purpose of resale as distinguished from use. Such determination does not apply to acquisitions by veterans as priority claimants who purchase pursuant to the provisions of § 8302.5. Accordingly, disposals hereunder shall be limited to veterans who acquire surplus property

(1) For their own personal use, or

(2) For use in establishing and maintaining their own small business, professional, or agricultural enterprises: *Provided, however,* That such use shall not

include the acquisition of surplus property for the purpose of resale.

(b) Set-aside property shall be held for disposal at fair value, as provided in § 8302.11, to veterans for a period of not less than fifteen (15) days after public notice of its availability for such disposal, or for such longer period as the Administrator may direct, and any balance remaining undisposed of thereafter may be made available for disposal in accordance with the other provisions of this part.

§ 8302.5 *Order of priorities.* Except as to property disposed of under § 8302.4, disposal agencies shall, subject to the provisions of § 8302.6, observe the following order of priorities:

(a) Transfers to Government agencies for their own use shall be given priority over disposal to all others.

(b) Disposals to veterans to enable them to establish and maintain their own small business, professional, or agricultural enterprises shall be given priority over disposals to all others except as provided in paragraph (a) of this section.

(c) Purchases by Reconstruction Finance Corporation for resale under section 18 (e) of the Surplus Property Act of 1944 shall be given priority over disposal to all others except as provided in paragraphs (a) and (b) of this section.

(d) Disposals to State and local governments for their own use shall be given priority over disposals to all others except as provided in paragraphs (a) (b) and (c) of this section.

§ 8302.6 *Reservations for priority claimants.* (a) In giving effect to the provisions of § 8302.5, disposal agencies shall observe the following requirements with respect to the periods of time during which property will be offered to priority claimants:

(1) Government agencies shall in no case be given a period in excess of twenty (20) days after the date of public notice of availability of the property.

(2) Property offered to veterans may not be disposed of to others for a minimum period of fifteen (15) days after the date of public notice to veterans.

(b) Each disposal agency, based upon experience and demonstrated demand, may estimate the quantity of each item of surplus property which it is necessary to hold in reserve in order to provide an adequate supply thereof to satisfy the probable needs of priority claimants for such items. Such quantities shall be reviewed and adjusted periodically by the disposal agency in the light of the changing requirements of priority claimants and the areas in which such requirements exist. There need be no earmarking of specific property, but the quantities of surplus property so estimated shall be reserved for exclusive disposal to priority claimants subject to the periods specified in paragraph (a). Any property in excess of such reserved quantities may, notwithstanding the provisions of paragraph (a), be disposed of promptly to others.

(c) In order to assist the disposal agencies to reserve quantities of surplus property, pursuant to the provisions of paragraph (b), adequate to satisfy the

needs of priority claimants including Reconstruction Finance Corporation for resale under section 18 (e) of the Surplus Property Act of 1944, Reconstruction Finance Corporation may advise the disposal agencies from time to time of the quantities and kinds of surplus property which it needs or may need for such purposes to the end that any reservations established under paragraph (b) of this section may be adequate to supply such anticipated needs.

§ 8302.7 *Information about available property—(a) Availability of records of surplus property; Government requirements officers.* Disposal agencies shall establish procedures to insure that designated representatives or procurement officers of Government agencies and State and local governments shall have access to the information on the property records of the disposal agencies, and shall upon request from time to time inform such representatives or procurement officers about surplus property for which declarations have been received or are anticipated. Each disposal agency shall appoint in its central office and in each regional office thereof a Government requirements officer or officers, whose duties shall include (1) transmitting to Government agencies and State and local governments information concerning surplus property which is or may become available for disposal; (2) assisting in programming sales or offerings in such a manner as to afford Government agencies and State and local governments an opportunity to purchase any and all kinds of property they desire; (3) ascertaining the probable needs for all kinds of property of Government agencies and State and local governments within the region served by each regional office to the end that any reservations established under § 8302.6 (b) may be adequate to supply the probable needs of Government agencies and State and local governments within the region served by the office; (4) cooperating with such advisory committees as the Administrator may appoint; and (5) taking all other necessary or desirable steps to see that there is compliance with all requirements of this part. It shall be the responsibility of Government agencies, in order to avoid making purchases through commercial channels, and whether or not notified by the disposal agencies, continuously to consult the records of the disposal agencies and to determine whether their requirements for all items of property can be satisfied out of surplus property in the hands of the disposal agencies.

(b) *Notice of offering.* Disposal agencies shall give, so far as practicable, uniform and wide public notice to all priority claimants of surplus property available or offered for sale within the area in which the offering is made. Government agencies and State and local governments shall have the right upon request to be put on mailing lists for notices in all cases where such lists are used to offer property for disposal, including mailing lists otherwise reserved to special classes of buyers. If paid public advertising is used as the method of offering, no other notice need be given priority claimants, except for Federal agen-

cies and State and local governments to whom public advertising shall not constitute proper notification.

§ 8302.8 *Issuance of certificates to veterans.* [Deleted August 18, 1947.]

§ 8302.9 *Transfers and disposals to priority claimants.* (a) A veteran desiring to exercise his priority shall present his discharge papers or other satisfactory evidence that he is a veteran except that veterans applying for aircraft, or industrial equipment of the types set forth by order issued hereunder, shall, in addition, apply for a certification to any office of War Assets Administration and shall furnish such information as may be requested. Any certification so issued may be cancelled for cause. War Assets Administration shall satisfy itself that the property applied for is to enable the veteran to establish or maintain his own small business, professional, or agricultural enterprise as defined in § 8302.1 (b) (4) of this part. No person may purchase on a veteran's priority property to be used in more than one small business, professional, or agricultural enterprise. Special effort shall be made to insure that property available to veterans may be inspected by them.

(b) Except in the case of transfers to Reconstruction Finance Corporation for resale under section 18 (e) of the Surplus Property Act of 1944, and disposals to veterans of property to be resold with or without processing or fabrication in the regular course of business, transfers or disposals to priority claimants shall be for their own use only and not for transfer or disposition by them to others, and disposal agencies shall require priority claimants so to certify. Title to property being acquired by priority pursuant to the provisions of this part shall not be transferred by the disposal agency to any person other than the acquiring priority claimant, except in the case of purchases by Reconstruction Finance Corporation under section 18 (e) of the Surplus Property Act of 1944, and except in the case of purchases by veterans, who may take title either in their own names or in the names of their own business or professional or agricultural enterprises as defined in § 8302.1 (b) (3). The priorities granted pursuant to the provisions of this part may not be assigned nor transferred nor used for the benefit of any other person.

(c) [Deleted August 18, 1947.]

(d) Disposal agencies shall make such transfers of surplus property to a Government agency without reimbursement or transfer of funds whenever a transfer on such terms by the owning agency (by which such property was declared surplus) would be authorized by any law approved subsequent to June 21, 1944 to be made to the agency desiring such property. The agency desiring such property without reimbursement or transfer of funds shall cite its authority for such transfer and shall pay all transportation charges but not the cost of packing, and shall furnish when necessary a Government bill of lading bearing identification of the appropriation against which such transportation charges are to be charged.

(e) Subject to the provisions of § 8302.10, disposal agencies may establish the maximum and minimum quantities which may be acquired by any one priority claimant at any one time during a given period of time. When the supply of any type of surplus property offered at any time will be insufficient to fill the orders of eligible claimants, equitable distribution among such claimants may be accomplished (1) on a first-come first-served basis in fixed price sales after establishment of maximum quantities or (2) on such other allocation basis as shall be approved by the disposal agency. Maximum quantities shall not be established in a manner which will prevent claimants in a higher priority class from satisfying their legitimate requirements in order to offer a portion of the property to claimants in a lower priority or non-priority class. In giving public notice of availability of any property, disposal agencies shall whenever practicable specify the method by which distribution of such property will be made among claimants. No priority claimant shall be denied the right to priority by reason of location or residence during the period of offering to claimants in the same class.

(f) No property shall be offered to non-priority claimants unless it has first been offered to priority claimants or necessary provision has been made for reservations for priority claimants in accordance with § 8302.6. Orders from priority claimants shall be filled from any available surplus property, subject to the provisions of §§ 8302.4, 8302.5, and 8302.6. If no property is available or likely to become available, the disposal agency shall promptly notify the claimant and upon the dispatching of such notification the order shall lapse. If there is no definite assurance that property requested will become available, the claimant shall be advised that the order has been cancelled. Unless the advertising otherwise states, property already advertised for public competitive bids or for sale at auction or for immediate purchase at a fixed time and property specifically selected by a prospective purchaser shall not be considered available for priority claimants.

§ 8302.10 *Transfers of surplus standard administrative and maintenance property to the Treasury Department and acquisition of such property by Government agencies.* (a) In order to facilitate the transfer of surplus property from one Government agency to other Government agencies for their own use and not for transfer or disposition to others outside the Government, the Treasury Department as the central procurement agency of the Government may acquire from the disposal agencies such quantities of surplus standard administrative and maintenance property as it needs to satisfy the requirements for such property of all Government agencies within the continental United States, other than the War Department, Navy Department, and Veterans Administration, and other than each disposal agency for the types of property for which it is designated as such under Part 8301.

Government agencies shall cooperate with the Treasury Department in compiling estimates and shall provide the Treasury Department with such information concerning their requirements as it may need in order to promote the fullest utilization of surplus property.

(b) Disposal agencies shall transfer surplus standard administrative and maintenance property to the Treasury Department in accordance with the provisions of § 8302.9 and at a fair value which reflects the estimated expenses to be incurred by the Treasury Department in making distribution to Government agencies, and the Treasury Department shall promptly upon such transfer take possession and assume responsibility for the care, handling, and disposition of such property.

(c) It shall be the responsibility of all such Government agencies, in order to avoid making purchases of such property through commercial channels when such property is available from surplus, continuously to consult the stock catalogues issued by the Bureau of Federal Supply of the Treasury Department and the inventory records of War Assets Administration.

(d) Except in cases where transfers may be made without reimbursement or transfer of funds, no Government agency other than the War Department, Navy Department, and Veterans Administration, and other than each disposal agency for the types of property for which it is designated as such under Part 8301, shall within the continental United States acquire by direct transfer from a disposal agency any type of surplus standard administrative or maintenance property which is offered for disposal by the Treasury Department and immediately available for acquisition by such Government agency. *Provided*, That if none of a desired type of property is immediately available for acquisition by a Government agency, such agency may purchase such desired property directly from the disposal agency. *And provided further* That Reconstruction Finance Corporation shall be entitled to acquire any such property from a disposal agency for resale under section 18 (e) of the Surplus Property Act of 1944.

§ 8302.11 *Fair value.* Disposal agencies shall fix the fair value at which property shall be acquired by priority claimants. Such fair value shall not be greater than the lowest price which is offered to any trade level at the time of acquisition by the priority claimant, or where the fair value is fixed after examining competitive bids from nonpriority claimants, it shall not be greater than the lowest acceptable bid. In competition between claimants within a given priority band, fair value shall be the highest acceptable bid received.

§ 8302.12 *Acquisitions by priority claimants without exercising priority.* In addition to acquiring property under §§ 8302.5 and 8302.6, Government agencies, except as to standard administrative and maintenance property desired for their own use, and State and local governments shall be entitled to submit offers whenever surplus property is

otherwise offered for sale, without regard for the location of the property, except that offers shall not be entitled to priority nor shall offers from Federal agencies to acquire without reimbursement be recognized at competitive bid sales of residual property. Government agencies may under this section acquire any surplus property (including standard administrative and maintenance property) for transfer or disposition to others. Nothing in this part shall prevent veterans from acquiring any property directly from a disposal agency without exercising priority if they are included within the class of buyers to whom the disposal agency is offering such property. Such purchases made by a priority claimant without priority shall be governed by the prices, terms, and conditions of the offering made by the disposal agency and pursuant to any other provisions of this part.

§ 8302.13 *Records and reports.* Owning and disposal agencies shall prepare and maintain such records as will show full compliance with the provisions of this part and with the applicable provisions of the Act. Reports shall be prepared and filed with the War Assets Administrator in such manner as may be specified by orders issued under this part subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

§ 8302.14 *Regulations by disposal agencies to be reported to the War Assets Administrator.* Each disposal agency shall file with the War Assets Administrator copies of all regulations, orders, and instructions of general applicability which it may issue in furtherance of the provisions, or any of them, of this part.

This revision of this part shall become effective August 18, 1947.

ROBERT M. LITTLEJOHN,
Administrator.

[Reg. 2, Order 9]

PART 8302—DISPOSAL OF SURPLUS PERSONAL PROPERTY TO PRIORITY CLAIMANTS

NATIONAL AND REGIONAL VETERANS SET-ASIDE LISTS

War Assets Administration Regulation 2, Order 9, July 1, 1947, entitled "National and Regional Veterans Set-Aside Lists" (12 F. R. 4675) is hereby revised and amended as herein set forth.

Section 8302.4 (a) of this part provides that except as to the amounts of any property necessary for the temporary use of any disposal agency to carry out its responsibilities in disposing of surplus property under the Surplus Property Act of 1944, each disposal agency to which there is assigned for disposal any property of the types set forth by order issued thereunder shall set aside all, or such percentage of such property as is

designated in such order. Accordingly, it is hereby ordered that:

§ 8302.59 *National and regional veterans set-aside lists.* Except as indicated the items listed in Exhibit A hereof shall constitute the National Veterans Set-Aside List and the items listed in Exhibit B hereof shall constitute the Regional Veterans Set-Aside List.

(Surplus Property Act of 1944, as amended (58 Stat. 765, as amended; 50 U. S. C. App. Sup. 1611) Public Law 181, 79th Congress (59 Stat. 533; 50 U. S. C. App. Sup. 1614a, 1614b), and Reorganization Plan 1, of 1947 (12 F. R. 4534))

This section shall become effective August 1, 1947.

ROBERT M. LITTLEJOHN,
Administrator.

Chapter II—Public Assistance, Federal Security Agency

PART 230—SUBSTANTIVE POLICIES; CIVILIAN WAR ASSISTANCE

Sec.

230.1 Eligibility and assistance provided.

230.2 Return transportation to the Philippine Islands or Hawaii.

§ 230.1 *Eligibility and assistance provided—(a) For persons returned from abroad or evacuated.* Such persons to be eligible, must be: (1) In need, (2) citizens of the United States or under 18 years of age and the child of a citizen, and (3) must have been stranded or interned and returned to the United States, or evacuated from any area under the direction of civilian or military authorities of the United States. Assistance shall be temporary and may be in the form of money payments or in kind and may include maintenance, medical care, clothing, and transportation within the United States. "Temporary" is defined not to exceed three months. Recipients who, subsequent to September 30, 1947, have received assistance for three months shall receive no further assistance except in individual cases approved especially by the Bureau of Public Assistance where the termination of assistance would result in severe hardship.

(b) *For civilians evacuated from the Philippine Islands or Hawaii.* Such persons to be eligible, must (1) be in need, and (2) must have been evacuated from the Philippine Islands or Hawaii to the United States under the direction of the civil or military authorities of the United States during the period from December 7, 1941 to September 15, 1945. Assistance shall be temporary and may be in the form of money payments or in kind and may include maintenance, medical care, clothing, and transportation within the United States. Temporary is defined not to exceed three months. Recipients who subsequent to September 30, 1947, have received assist-

ance for three months shall receive no further assistance except in individual cases approved especially by the Bureau of Public Assistance where the termination of assistance would result in severe hardship. (Pub. Law 165, 80th Cong.)

§ 230.2 *Return transportation to the Philippines or Hawaii.* Upon application, in advance, return transportation to the Philippine Islands or Hawaii is available without regard to need for individuals who were evacuated from these points to the United States under the direction of the civil or military authorities of the United States between December 7, 1941, and September 15, 1945. Applications for return to the Philippine Islands or Hawaii must be made to the local welfare office prior to October 1, 1947. (Pub. Law 165, 80th Cong.)

Subchapter A—Procedures Applicable to the Public

[CGFR 47-41]

PART 2—VESSEL INSPECTIONS

PART 3—MERCHANT MARINE PERSONNEL

NAVIGATION AND VESSEL INSPECTION LAWS, AND SHIPMENT AND DISCHARGE OF SEAMEN

By virtue of the authority vested in me by section 101, Reorganization Plan No. 3 of 1946 (11 F. R. 7875), Public Law 404, 79th Congress (60 Stat. 237), Public Law 27, 80th Congress, approved March 31, 1947; and Public Law 293, 80th Congress, approved July 31, 1947, the following amendments to the regulations are prescribed and shall be effective on and after August 1, 1947:

1. Section 2.50-1 (a) is amended to read as follows:

§ 2.50-1 *Waivers—(a) Authority for and limitations on issuance.* Compliance with certain of the navigation and vessel inspection laws may be waived by the Commandant under authority of the act of March 31, 1947 (Pub. Law 27, 80th Cong.) as amended by the act of July 31, 1947 (Pub. Law 293, 80th Cong.) in any case where such waiver is deemed necessary in the orderly reconversion of the merchant marine from wartime to peacetime operations. By the terms of Public Law 27, as amended by Public Law 293, this authority to grant waivers expires April 1, 1948. The Commandant is specifically prohibited from granting waivers for the employment of alien sea-

men except for those who served between December 7, 1941 and September 2, 1945, aboard vessels operated by the War Shipping Administration, the United States Maritime Commission, or the Army Transport Service. This includes foreign flag vessels operated by these agencies.

2. Section 3.13-25 (b) (2) is amended to read as follows:

§ 3.13-25 *Crew deficiencies.* * * *
(b) *Restrictions on substitutions.* * * *

(2) This waiver does not permit aliens to serve as watch officers on United States vessels and the procedure set up by the Coast Guard for approving aliens to serve under waiver as watch officers is inoperative and all outstanding lists of approved aliens and individual letters of approval are without force and effect.

3. Part 3 is amended by adding a new section reading as follows:

§ 3.13-26 *Employment of aliens as unlicensed crew members—(a) Authority for employment.* The order dated July 31, 1947, identified as document CGFR-47-39 (12 F. R. 5342) published in the FEDERAL REGISTER for August 6, 1947, is a conditional waiver of certain navigation and vessel inspection laws and permits the employment of aliens in the unlicensed crew of subsidized United States vessels subject to certain restrictions. Aliens eligible for employment under this waiver are those who served between December 7, 1941, and September 2, 1945, aboard vessels operated by the War Shipping Administration, the United States Maritime Commission, or the Army Transport Service. This waiver is effective on and after August 1, 1947.

(b) *Restrictions on employment.* (1) The waiver referred to in paragraph (a) of this section is a general waiver and requires no forms or other reports of aliens employed under its provisions. It does, however, limit the number of aliens who may be employed under its provisions to 25 percent of the total unlicensed crew of the particular vessel and provides that aliens may be employed only if citizen seamen with appropriate ratings are not available for employment in the unlicensed crew as determined after reasonable efforts made by the master, or owner, or others concerned with supplying crews. Aliens claiming to have the required service between December 7, 1941 and September 2, 1945 must present to the shipping commissioner or master at the time of employment evidence in the form of certificates of discharge or other properly authenticated record of service showing the name of the vessels and dates served thereon. The employment of aliens to serve as watch officers on United States vessels is not allowed and nothing in this waiver permits such employment.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 729]

PEANUTS

APPORTIONMENT OF NATIONAL ACREAGE ALLOTMENT AND ESTABLISHMENT OF FARM ACREAGE ALLOTMENTS FOR 1948 CROP

Pursuant to the authority contained in section 358 (c) of the Agricultural Adjustment Act of 1938, as amended (55 Stat. 89; 7 U. S. C., Sup. 1358 (c)) the Secretary of Agriculture is preparing to apportion among the several States the national acreage allotment of 2,324,159 acres established for peanuts for the crop produced in the calendar year 1948 (12 F. R. 4880)

The Secretary also has under consideration the formulation of regulations governing the establishment of farm acreage allotments and farm marketing quotas for the 1948 crop of peanuts pursuant to section 358 (d) of the Agricultural Adjustment Act of 1938, as amended (55 Stat. 89, 59 Stat. 9; 7 U. S. C. Sup. 1358 (d), Public Law 323, 80th Congress, approved August 1, 1947)

Prior to making the apportionment and issuing the regulations, consideration will be given to any data, views, and recommendations relating thereto which are submitted in writing to the Director, Fats and Oils Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C. All submissions must be postmarked not later than 10 days from the date of publication of this notice in the FEDERAL REGISTER.

Issued at Washington, D. C., this 15th day of August 1947.

CIVIL AERONAUTICS BOARD

[14 CFR, Parts 41, 61]

TAKE-OFF LIMITATIONS TO PROVIDE FOR TEMPERATURE ACCOUNTABILITY

NOTICE OF PROPOSED RULE MAKING

AUGUST 14, 1947.

Notice is hereby given that the Civil Aeronautics Board has under consideration proposed amendments to Parts 41 and 61 of the Civil Air Regulations which will require that temperature deviation from that of standard air shall be taken into account when computing the take-off limitations of airplanes certificated under the transport category.

Deviation of outside air temperature from that of standard air can have an appreciable effect upon the take-off performance of an airplane. At the present time the applicable provisions of Parts 41 and 61 do not adequately take into account such effect. This matter will be the subject of preliminary discussions by the appropriate divisions of the International Civil Aviation Organization in September in Paris, and it is expected permanent international standards will be formulated within the next year. The implementation of such standards will of necessity take some time, and it is doubtful that they will be able to be placed in effect next summer. Accordingly, it appears desirable in the interest

of safety that interim measures be adopted to require that temperature deviation be taken into account in the establishment of take-off limitations for all scheduled air carrier aircraft certificated pursuant to the transport category.

It is proposed to amend §§ 41.271 (c) and 61.7122 (c) by adding a new paragraph to read as follows:

In applying the requirement of paragraph (a) account shall be taken of all deviation of the existing ambient air temperature above that of standard air. In applying the requirement of paragraph (b) account shall be taken of ½ the deviation of the existing ambient air temperature above that of standard air. Similar account may be taken in applying the requirements of paragraphs (a) and (b) for the deviation of the existing ambient air temperature below that of standard air.

These regulations are proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended, and would become effective optionally on the date of adoption and will become mandatory on March 1, 1948.

It is the desire of the Board that those interested offer suggestions and comments regarding the proposed amendments. Comments in writing should be addressed to the Secretary, Civil Aeronautics Board, Washington 25, D. C., for receipt by August 29, 1947.

(52 Stat. 984, 1007; 49 U. S. C. 425, 551)

By the Civil Aeronautics Board.

Acting Secretary.

FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 6626]

BROADCASTING SERVICE ORGANIZATION, INC. (WORL)

ORDER SETTING DATE FOR ORAL ARGUMENT

In re application of Broadcasting Service Organization, Inc. (WORL) Boston, Massachusetts; Docket No. 6626, File No. B1-R-205; for renewal of license.

Whereas, on April 21, 1947, the Federal Communications Commission adopted an opinion and order denying the above-entitled application for renewal of license of radio station WORL, Boston, Massachusetts, and dismissing as moot application B1-TC-506 for transfer of control of petitioner corporation from its present stockholders to the Bittner Broadcasting Company, and

Whereas, on May 13, 1947, Broadcasting Service Organization, Inc., filed a petition for rehearing requesting the Commission to amend its decision in certain named respects and as amended grant the two pending applications of petitioner for renewal of license and transfer of control; or to reopen the hearing record to receive further testimony on the character qualifications of the applicant and its principal stockholders to be the licensee of a radio station; or to grant further oral argument before the entire Commission on its decision of April 21, 1947.

Now, therefore, *It is ordered*, That the petition for rehearing of Broadcasting Service Organization, Inc., be, and here-

by is, set for oral argument before the Commission at 10:30 a. m., on September 25, 1947, at its offices in Washington, D. C., and that the oral argument be directed to the findings of fact and conclusions of law set out in the Commission's decision of April 21, 1947.

Adopted: July 28, 1947.

CORRECTED ORDER DESIGNATING APPLICATIONS
FOR HEARING

In re applications of C. Thomas Patten, Oakland, California, Docket No. 7766, File No. BP-4876; Pittsburg Broadcasting Company, Pittsburg, California, Docket No. 7956, File No. BP-5356; for construction permits.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 20th day of June 1947;

The Commission having under consideration the above applications of C. Thomas Patten for construction permit for a new standard broadcast station to operate on the frequency 1010 kc, 1 kw, daytime only, at Oakland, California and of Pittsburg, Broadcasting Company for construction permit for a new standard broadcast station to operate on the frequency 990 kc, 1 kw, unlimited time, at Pittsburg, California, together with petitions filed by C. Thomas Patten on April 7, 1947 and Pittsburg Broadcasting Company on April 8, 1947, each petition requesting severance of petitioner's application from the above consolidated proceeding and grant of said application forthwith; and

Whereas a hearing has been held and the record closed in the above consolidated proceeding; and

It appearing, That, any interference which might exist between the operations proposed in the above-entitled applications does not warrant further consolidated hearing; and

It further appearing, that on the basis of the testimonial record compiled in the above proceeding and the petitions here under consideration, there is not sufficient evidence before the Commission upon which it could presently determine that the respective applicants are legally, technically, financially and otherwise qualified to operate the proposed stations, and that, therefore, further hearings are necessary in order that all pertinent facts relating thereto may be before the Commission;

It is ordered, That the said petitions, insofar as each requests severance of petitioner's application from the above consolidated proceeding be, and they are hereby, granted; that said applications be, and they are hereby, severed from said proceeding; and that the said petitions, insofar as they request imme-

diately grants of the respective applications, be, and they are hereby, denied;

It is further ordered, That the record in Docket No. 7766, C. Thomas Patten, and the record in Docket No. 7956, Pittsburg Broadcasting Company, be, and they are hereby, reopened, and that each of the above applications be, and it is hereby, designated for further separate hearing, at times and places to be set by subsequent order of the Commission.

1. To determine the legal, technical, financial, and other qualifications of the applicant to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with any existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in any pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

By the Commission.

FEDERAL POWER COMMISSION

[Docket No. G-929]

UNITED GAS PIPE LINE CO.

NOTICE OF APPLICATION

AUGUST 14, 1947.

Notice is hereby given that on July 30, 1947, United Gas Pipe Line Company (applicant) a Delaware Corporation, having its principal place of business at Shreveport, Louisiana, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of approximately 5.9 miles of 7-inch natural-gas transmission pipeline extending from applicant's Carthage-Sterlington transmission line, near Mile Post 100, to Applicant's 7-inch Monroe-Hodge transmission pipeline, near Mile Post 34, together with appurtenant facilities, for the purpose of serving the Hodge-Jonesboro area in Louisiana with gas from the Carthage field.

Applicant recites that the proposed facilities will be operated at a maximum pressure of not exceeding 750 pounds at the point of connection with the 7-inch Hodge line and will have an estimated maximum daily delivery capacity of approximately 27,000 Mcf. Applicant's present 7-inch Monroe-Hodge pipeline has a maximum daily delivery capacity of approximately 11,700 Mcf, which is a declining figure because of the decline in the pressure of the wells in the Monroe field. Applicant estimates that the maximum daily demand in the Hodge-Jonesboro area for the 1947-48 season is 12,200 Mcf, and for the 1952-53 season is 13,620 Mcf. Applicant states that it is probable that continued decrease in the delivery capacity in the Monroe field will make it desirable to eventually deliver all of the requirements of the Hodge-Jonesboro area through the proposed facilities, thus making it possible to remove a large portion of the present facilities. Applicant states that its contract of June 3, 1942, as amended, with Louisiana Power and Light Company for resale in the Towns of Hodge and Jonesboro, Louisiana, will be timely filed with the Commission as a rate schedule.

Applicant estimates the total over-all cost of construction at \$103,000, which applicant proposes to finance out of cash on hand.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of Rule 37 of the Commission's rules of practice and procedure (18 CFR

NOTICES

1.37) and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request.

The application of United Gas Pipe Line Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of Rule 8 or 10, whichever is applicable, of the rules of practice and procedure (as amended on June 16, 1947) (18 CFR 1.8 or 1.10)

DUKE POWER Co.

NOTICE OF APPLICATION

AUGUST 12, 1947.

Notice is hereby given that on August 12, 1947, an application was filed with the Federal Power Commission, pursuant to section 204 of the Federal Power Act, by Duke Power Company, a corporation organized under the laws of the State of New Jersey and doing business in the States of North Carolina and South Carolina with its principal business office at Charlotte, North Carolina, seeking an order authorizing the issuance of a maximum of 252,512 shares of common stock without nominal or par value at the price of \$82.50 per share to the holders of Applicant's outstanding common stock at the rate of one share of such additional common stock for each four shares of outstanding common stock. The rights to purchase such additional stock will be evidence by Transferable Subscription Warrants to be issued to stockholders entitled thereto, and they and their assignees will be given at least 15 days from the record date of the issuance of such Warrants within which to exercise them. Any additional stock not purchased pursuant to said Subscription Warrants will be purchased at the price of \$82.50 per share by Duke Endowment, a common law trust; all as more fully appears in the application on file with the Commission.

Any person desiring to be heard, or to make any protest with reference to said application should, on or before the 2d day of September 1947, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure.

SECURITIES AND EXCHANGE COMMISSION

[File No. 812-505]

BANKERS SECURITIES CORP.

NOTICE OF APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the city of Philadelphia, Pa., on the 14th day of August A. D. 1947.

Notice is hereby given that Bankers Securities Corporation ("Bankers") has filed an application pursuant to section 6 (c) of the Investment Company Act of 1940 for an order exempting from the provisions of section 17 (e) (1) of the act the receipt by Rudolph J. Bushell ("Bushell") of the sum of \$5,000 from Bankers for his services in connection with the purchase and sale by Bankers of certain portfolio securities.

Bankers is a closed-end management nondiversified investment company and is registered under the act. Bankers and Albert M. Greenfield & Co. ("Greenfield & Co.") are companies under common control and hence affiliated persons of each other. Bushell is a vice president of Greenfield & Co. and is an affiliated person of an affiliated person (Greenfield & Co.) of Bankers.

Bushell was instrumental in effecting the purchase by Bankers on September 4, 1946 of 1,403 shares of the common stock of The Boardwalk National Bank of Atlantic City ("Boardwalk") at a cost of \$259,060. Subsequently on May 13, 1947, Bankers sold the shares of Boardwalk for \$350,750 resulting in a profit of \$91,690. To compensate Bushell for his services the Board of Directors of Bankers at a meeting held on July 17, 1947 voted to pay Bushell the sum of \$5,000.

The receipt of compensation by Bushell for his services as agent in connection with the above mentioned transac-

tion is prohibited by section 17 (e) (1) of the act since Bushell is an affiliated person of an affiliated person of Bankers, unless such payment is exempted by order of the Commission pursuant to section 6 (c) of the act. Bankers represents that payment of such compensation should be exempted from the prohibitions of section 17 (e) (1) of the act since the exemption requested is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policies and provisions of the act.

All interested persons are referred to said application which is on file at the Philadelphia, Pa. offices of this Commission for a more detailed statement of the matters of fact and law therein asserted.

Notice is further given that an order granting the application may be issued by the Commission at any time after August 26, 1947 unless prior thereto a hearing on the application is ordered by the Commission as provided in Rule N-5 of the rules and regulations promulgated under the act. Any interested person may, not later than August 22, 1947, at 5:30 p. m., in writing, submit to the Commission his views or any additional facts bearing upon the application or the desirability of a hearing thereon or request the Commission, in writing, that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania, and should state briefly the nature and interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact or law raised by the application which he desires to controvert.

By the Commission.

Assistant to the Secretary.

[File No. 53-15]

NORTHERN NEW ENGLAND CO. AND NEW ENGLAND PUBLIC SERVICE CO.

NOTICE OF FILING AND ORDER RECONVENING HEARINGS

At a regular session of the Securities and Exchange Commission held at its office in the city of Philadelphia, Pa., on the 14th day of August A. D. 1947.

Notice is hereby given that New England Public Service Company ("NEPS-CO"), a registered holding company, has filed a written notice proposing to adopt Alternative 1 of its amended plan, heretofore filed and approved, subject to certain reservations of jurisdiction by the Commission, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935, and enforced by the District Court of the United States for the District of Maine (Southern Division) in respect to the retirement of all of its outstanding Prior Lien Preferred Stock (Holding Company Act Release No. 7511)

All interested persons are referred to said notice which is on file in the offices of this Commission for a statement of the action therein proposed to be taken which may be summarized as follows:

The plan as amended provided that each share of Prior Lien stock would be retired by payment to the holder thereof cash in the amount of \$171.31 in the case of the \$7 Series, and \$161.12 in the case of the \$6 Series together with, in each case, accrued current dividends to the date of consummation, and by delivery to him of a certificate of contingent interest calling for such additional payment, if any (not exceeding \$20 per share for the \$7 Series, and \$10 per share for the \$6 Series), and such compensation for delay in the payment thereof, as might be determined by final order in the proceedings before the Commission. Said plan as amended further provided that at the option of the holders of Prior Lien stock, and in lieu of the above cash payment, they may receive common stock of NEPSCO's subsidiary, Public Service Company of New Hampshire ("New Hampshire"), taken at the initial public offering price per share established by the successful bidder at competitive bidding, with cash adjustments for fractional shares and with the right of NEPSCO to reduce elections to receive stock pro rata, if and insofar as might be necessary for NEPSCO to use the entire \$16,500,000 proceeds from the sale of its industrial assets to retire Prior Lien stock. The plan as amended further contained various alternatives, including an alternative hereinafter referred to as "Alternative 1." Alternative 1 provided that NEPSCO might, under certain circumstances, elect to cancel competitive bidding for the common stock of New Hampshire and to fix a price at which Prior Lien stockholders might take such stock.

The Commission having approved said plan as amended, subject to a reservation of jurisdiction with respect to the adoption of certain alternatives, including Alternative 1, and the specific steps to be taken in implementing said alternatives and the same having been approved by the District Court of the United States for the District of Maine, NEPSCO has now filed with this Commission its notice of election to adopt Alternative 1, wherein it proposes to cancel competitive bidding, to assign to the New Hampshire common stock an exchange value of \$35 per share and to borrow from banks such amount, if any, but not to exceed \$16,000,000, as may be necessary to retire all of NEPSCO's Prior Lien stock. Said exchange offer will not be made until the Commission has approved the adoption of Alternative 1 and thereafter Prior Lien stockholders will be given at least ten days within which to accept or reject said offer.

NEPSCO states that in its judgment under existing market conditions it does not appear possible for the company to net an amount through a sale for cash which will equal the intrinsic worth of the New Hampshire stock and that considering the short time schedule, if tax savings are to be preserved, it is unfair to its junior stockholders to jeopardize the success of the exchange offer and the tax savings by making the exchange offer dependent upon the success of a public offering of the New Hampshire stock for cash.

NEPSCO further states that it has obtained a commitment of five banks and trust companies to lend it up to \$16,000,000 for a period of one year with the right to two successive renewals of one year each at an interest rate of 2½% as may be required to effect the retirement of the Prior Lien Preferred stock and has paid commitment fees aggregating \$25,000 therefor.

NEPSCO further states that it has employed a group of security dealers headed by Blyth & Co., Inc. and Kidder, Peabody & Co. to solicit exchanges of NEPSCO Prior Lien Preferred stock for New Hampshire common stock, and has agreed to pay them \$2.50 per share of such Prior Lien stock procured by them for exchange, plus a management fee of \$10,000, and to reimburse them for out-of-pocket disbursements, including legal fees, not to exceed \$3,500.

The Commission deeming it appropriate that the hearings held on said plan be reconvened for the limited purpose of adducing evidence and affording all interested persons an opportunity to be heard with respect to the issues raised by the proposed adoption of Alternative 1 by NEPSCO, but for no other purpose:

It is ordered, That the proceedings with respect to this plan be reopened and that the hearings be reconvened on August 25, 1947, at 10:00 a. m., e. d. s. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania, in such room as may be designated on that day by the hearing-room clerk in Room 318.

It is further ordered, That William W. Swift, or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

The Public Utilities Division having advised the Commission that it has made a preliminary examination of said notice and that upon the basis thereof the following matters and questions are presented for consideration, without

prejudice to its specifying additional matters and questions upon further examination:

1. Whether, under existing circumstances and upon the terms proposed by NEPSCO, the adoption of Alternative 1 is appropriate.

2. Whether the amount of \$35 per share assigned to the common stock of New Hampshire, for the purpose of effecting voluntary exchanges is reasonable.

3. Whether the compensation to be paid for the solicitation of exchanges is reasonable and not excessive.

4. Whether the terms and provisions of the proposed bank loan are reasonable.

It is further ordered, That particular attention be directed at said hearing to the foregoing matters and questions.

It is further ordered, That any person not heretofore having appeared in these proceedings and now desiring to be heard or proposing to intervene herein shall file with the Secretary of the Commission on or before August 22, 1947, his request or application therefor as provided by Rule XVII of the rules of practice of the commission.

It is further ordered, That the Secretary of the Commission shall serve notice of the aforesaid reconvened hearing by mailing copies of this order by registered mail to the parties above-named herein, to all persons heretofore granted participation in these proceedings, to the Public Service Commissions of the States of New Hampshire and Vermont, to the Public Utilities Commission of the State of Maine and to the Federal Power Commission, and that notice of said reconvened hearing shall be given to all other persons by general release of this Commission, which shall be distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and that further notice be given to all persons by publication of this order in the FEDERAL REGISTER.

It is further ordered, That New England Public Service Company shall give further notice of said reconvened hearing to all of its stockholders of record and to the shareholders of record of Northern New England Company by mailing to each of said persons at his last known address a communication giving notice of the proposed adoption of Alternative 1, of the amount assigned to the New Hampshire stock, and of the date, time and place of the hearing before the Commission, at least six days prior to the date of said hearing.

By the Commission.

Assistant to the Secretary.
